

INTRODUCTION

The Kadamani family is proud to introduce "Grapeful", the brand that perfects exclusive recipes starting with **the original grape molasses.**

We have added new methods of production and a selection of healthy ingredients native to the **Mediterranean region**, Chickpeas, Tahini, Carob, Cardamom and nuts.

Grapeful now boasts a line of **all-natural** sweet syrups and spreads in addition to an exclusive family of Grapeful Hummus Bars and Cereal Bars that provide deliciously healthy options for you and your family in today's faster paced life style.

WHY GRAPEFUL?

Several generations have passed since the first press was put into production and the torch was passed to the newest and fourth generation. Utilizing traditions passed down from our ancestors, the present generation has raised the bar, adding modern technology and applying advanced standards of food safety to continue producing the sweet molasses.

A major characteristic that has not changed with modernity is the sense of community as one of the core values embodied by the family business. The

Kadamanis are proud to support more than 250 local growers whose grapes make their way to our presses each year.

The use of locally grown grapes from growers who share our values not only helps the growers, but also assures that all grapes used in production are naturally grown and non modified varieties.

OUR PRODUCTS

Our products are all-natural made with only simple wholesome ingredients native to the Mediterranean region and sweetened with our own signature grape syrup.

The natural goodness of our products would not have been possible without sunshine, passion and devotion for what we make.
